

The Timber Ridge
Foundation
welcomes you!

The next pages will
introduce you to the role of
the Foundation and share how
you can opt in to receive
communication from the
school.

First, take a look at what
former Timberwolves say
about our community...

Color Run is our spring fundraiser. Last year raised \$16k through 26 sponsors and 310 runners. It's a vibrant, festive event that brings our community together with music, food trucks and of course, tons of color! (452 pounds to be exact)

Dear New Timber Wolves,

I think that you'll have the most wonderful first year at Timber Ridge. There are so many things I know that you will **ADORE!** I think that my favorite foundation event is the Color Run. The Color Run is where you run around the tracks and the volunteers all around the track throw colored cornstarch at you and everyone else. You get a cool shirt to wear too. My favorite special is art. It is so fun and Mrs. Early is really nice. Also there is a fun thing you can do in 5th grade called TRNN (Timber Ridge news network), where you can do the morning announcements, and it gets broadcasted to the whole school! The teachers are extremely nice and Timber Ridge is such a unique school. I hope you love it as much as I do.

from, Emilia Parker, 5th grade student

Last year, the Foundation was able to fund brand new equipment and a teleprompter for TRNN!

The Foundation gives all our Specials teachers (Music, PE, Art, and STEM) discretionary budgets that allow them to purchase supplies or materials needed throughout the year!

Dear New Timberwolf,
I am so happy that you decided to go to one of the best schools ever. I truly loved my time at Timber Ridge and I will always remember Music class and P.E. (Physical Education) my little brothers still go to Timber Ridge so I get to come and see them and the teachers still remember my name. Tell your parents that they can come in and eat lunch with you if they want. My favorite year was third grade even though covid started that year. Timber Ridge is a fun positive place where you will learn so much!
2 tools I still use for studying is Flocabulary and Blooket. They are great study tools and you will never forget the songs on Flocabulary and the games on Blooket. I know you will love your time at Timber Ridge just as I did. Have fun learning!

From
Hayes Bullock
8th grader

Flocabulary and Blooket are fun educational programs used by our teachers to support ELA, math, and science standards. They are fully funded by Foundation!

TIMBER RIDGE FOUNDATION

Who We Are

A non-profit organization run by parent volunteers that raises funds to support the educational goals of the school.
